Discover Universal Robots’ cobots at AUTOMATE 2022

Manufacturers have deployed over 50,000 UR cobots around the world to solve a growing number of business challenges. To keep up with all the unique ways UR customers are deploying the world’s #1 collaborative robot, we’ve prepared this cobot guide for Automate 2022.

Use this brochure as your map to locate our cobots throughout the Automate show floor. Find out for yourself how UR cobots’ easy setup and programming translates to fast ROI and increased productivity. Stop by our booth to see live demos and speak with automation experts. Our team can help you understand the unique benefits that UR cobots can offer your facility.
See UR cobots in action handling dull, dirty, and dangerous tasks at the Automate booths listed below:
